Re: Notice to Conduct Operations
Mining Operations
Claim no. UMC 245175 (declared null
and void)
T.3S., R.21E., Sec.14, NESW
Uintah County, Utah

Dear Mr. Laursen:

Chevron Resources is the operator of record for notices to conduct mining operations, to remove gypsum, from the above mentioned claim. The claim has recently been declared null and void. A recent review of surface management cases within the Diamond Mountain Resource Area reveals notices filed in 1983, 1984, and 1986, which apparently have not been formally closed. The latest record shows that the area has been reclaimed to a satisfactory condition. Therefore, I am formally closing the surface management cases in these matters.

If there are any questions, please contact Dave Plume at (801) 789-1362.

Sincerely,

Ronald S. Trogstad
Area Manager
Diamond Mountain Resource Area
